Judge Prause,

Agenda Item 7 for the April 13, 2026 Commissioners Court meeting proposes retaining Weaver and Tidwell, LLP to evaluate county operations.

I want to ensure that federal compliance is central to that review — specifically PREA compliance at the Colorado County Jail. The Prison Rape Elimination Act imposes binding obligations on county jails that accept federal funding. Those obligations cover staff conduct, detainee rights, reporting, and oversight. Non-compliance puts federal funding at risk.

PREA compliance is not an abstract concern for our family. It is a matter of personal importance.

Respectfully,

[REDACTED]
